

FINA Photo Competition again: 2011

Following the great success of the first edition held on the occasion of the FINA World Swimming Championships (25m) in Dubai, the FINA Aquatics World Magazine is pleased to organise the **second edition** of its competition for the photographers - first announced at the **14th FINA World Championships in Shanghai**.

FINA invites all professional photographers world-wide to take part in our international photo competition.

We will be pleased to receive maximum three of your best photos (black-and-white or colour according to your choice) if possible till **August 1, 2011** (as we presume you will take advantage of this big FINA event to shoot your best photos) but not later than **December 31, 2011**, to the following e-mail address: magazine@fina.org

The jury - consisting of FINA leaders, respected media representatives including high-level photographers as well as the Editorial Board of the FINA Aquatics World Magazine – will decide the winner to be awarded with a photo camera, courtesy of Nikon, one of FINA's official partners.

The theme of the photos is not imposed by FINA, but they necessarily have to be inspired by one of the five aquatic disciplines and dated 2011. We don't exclude photos already published before.

A selection of the best photos will be presented in the FINA Aquatics World Magazine.
